

Online Serviecs

by Prakarn Unachak

Outline

Online

- **Introduction**
- **Google Services**
- **Microsoft Online Services**
- **Online Service on Social Media and other Services**
- **CMU Online Services**
- **CMU Library Services**

Introduction

Online Services

- In the past, if you need a computer to do something, you'll have to install a program
- These days, you can get many services with just your smartphone or web browser
- 2 Types of online service

1. Web Services

- Work through web browser
- (Should) Work any platform with web browser
- Need URL to service

2. Mobile Applications

- Work as independent program on smartphone (need quick installation)
- Download from App Store (iOS) or Play Store (Android)
- Might only work on iOS or Android

Cloud Computing

- **Many online services use Cloud Computing: a cluster of servers (Cloud) working together, providing a singular interface to the service**
- **From users' points of view, they are connecting to a single “computer”**
- **Example of services via cloud computing**
 - **Cloud Storage: Google Drive, Onedrive, Dropbox**
 - **Gmail, Facebook, Google Docs**

Advantages, Disadvantages and Cautions

➤ Advantages

- Low/no cost to use
- Can be used anywhere (with internet and no censorship)
- Can be used/ share data on multiple platform

➤ Disadvantages

- Most will require internet connection
 - Some do have offline mode at limited capabilities
- Quality of service can depend on quality of internet connection
- Many will collect user data/ privacy concern

➤ Cautions

- Risk of data/financial/identity theft
- Use only trustworthy service
- Apps on Play Store, iStore \neq Trustworthy!

Google services

Google services

- **Google Services:**
 - No cost for personal use
 - A service usually has web service and mobile application versions
 - Collect user data for ads/ research
- **Many services require Google account**
 - The rest will have improve functionality while logged in
 - You'll trade privacy for extra services!
- **Get a Google account @ <https://goo.gl/dm7bnb>**

Google search

- Although Google account is not required, search will be more personalized while logged in
 - Results might not match other's
 - Loss of privacy
- Extra search functions
 - Google Image Search: <https://images.Google.com/>
 - Find academic books/papers @ Google Scholar: <https://scholar.Google.co.th/>
 - Use keywords such as:
 - **define:** get a definition of a word
 - **site:** limit search to a certain website

Google Map (1)

- <https://maps.Google.com/>
- **Location, direction service**
- **Google account is not required, but you can save locations while logged in**
 - **The mobile app will track your location**
- **You can:**
 - **Search for a location**
 - **Search for something (restaurant, hotel, etc.) around a location**
 - **Get a direction**
 - **Driving, mass transit, or walking**
 - **Will take time of days into account (traffic)**

Google Map (2)

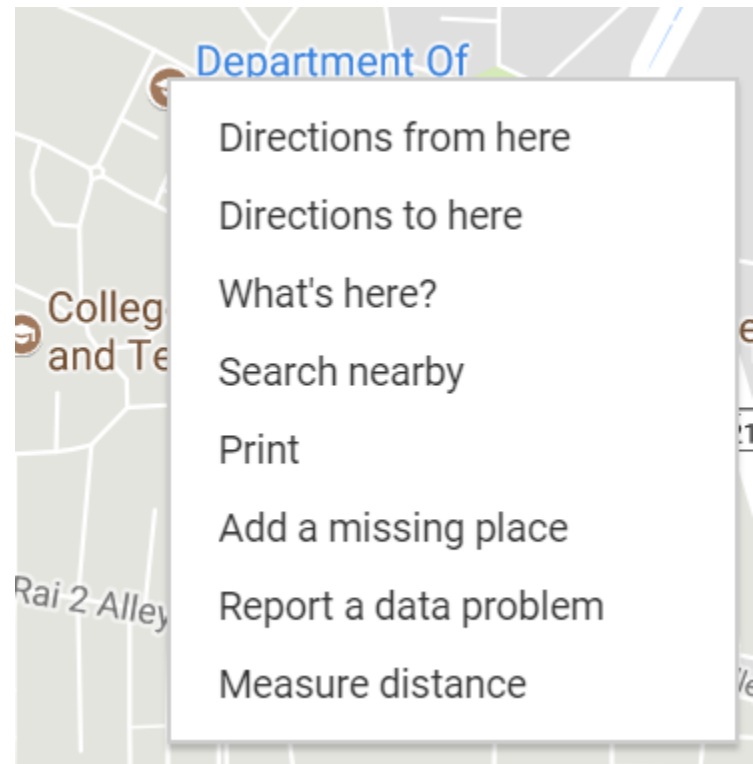

➤ Start more advance functions with the Menu

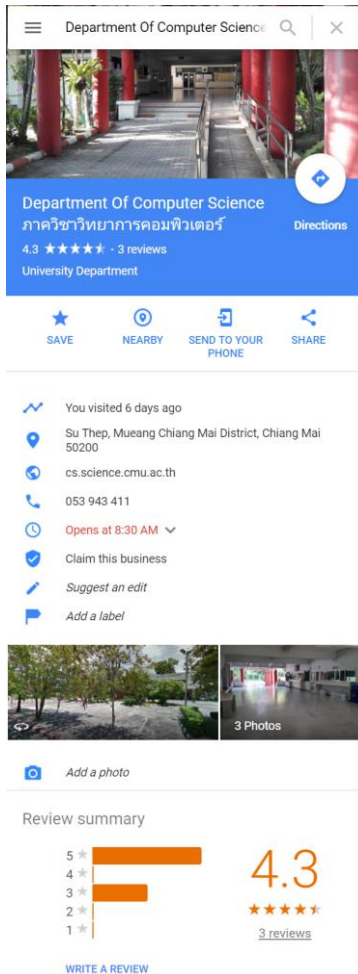

➤ Or right click at the location, and:

- ▶ Get a direction
- ▶ Search for something nearby the location

➤ Or left click for more information

Google Map (3)

Location's Information

Location information

Website, opening hours, telephone numbers, photographs, reviews, etc.

Many are updated by users

You can do:

Save: save the location in your location (need to be logged in)

Nearby: search nearby

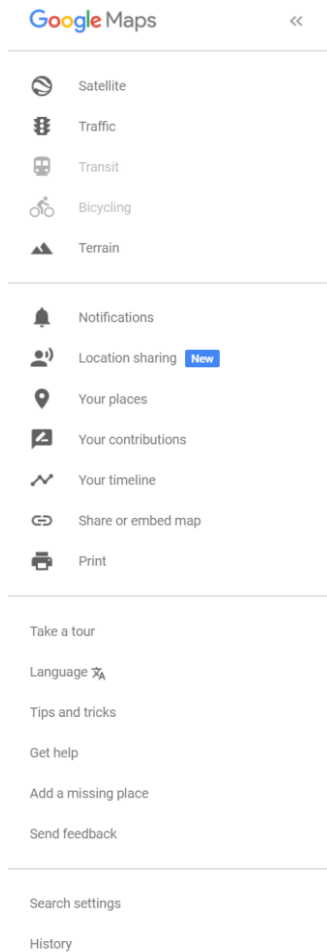

Send to Your Phone: send location to (Google map on) your smartphone

Share: give you the map link: the URL to the location on Google Map

Google Map (4)

Menu

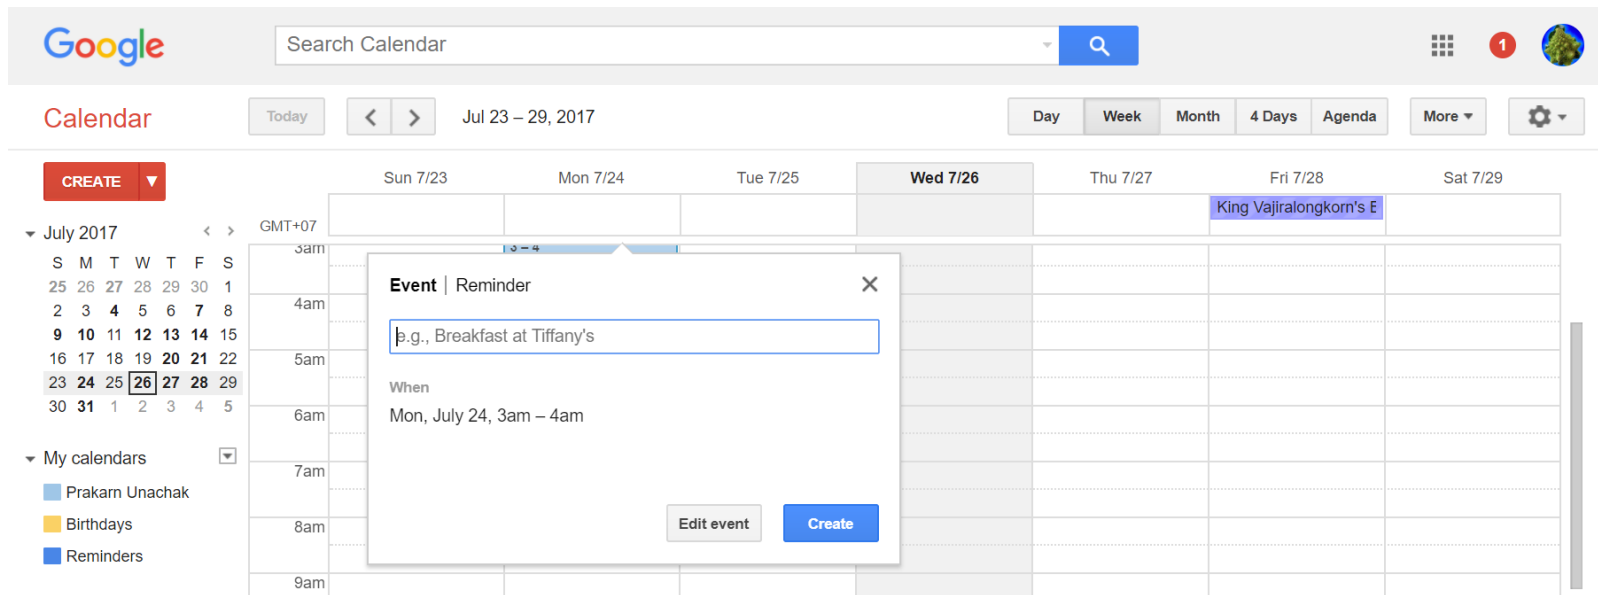

- **Satellite:** shows satellite map
- **Traffic:** shows traffic status
- **Terrain:** shows elevation
- **Your places:** shows places you have saved

Google Calendar (1)

- <https://www.Google.com/calendar>
- **Provide calendar service**
 - You can enter an event, and the service will notify you when the event is near
 - Will track holidays for you
 - Will also pull important dates from Google account
- **Require Google account**

Google Calendar (2)

- Click on a slot on the calendar, and select:
 - **Event** (with specific time slot)
 - or **Reminder** (something that will come up that day)
- For event you can choose **Edit event** to add more details

Google Translate

- <https://translate.Google.com/>
- **Provide translation services, can translate from:**
 - **Text**
 - **Web page**
 - **Speech**
 - **Text on image (mobile app)**
- **Can translate over 90 languages**
- **Google account not required**

Google Translate (Mobile App)

1. **Camera mode** translates from text in the image
 2. Translate from handwriting
 3. Translate in Conversation – allow quick translation between two languages
 4. Translate from speech
- (Does not cover all languages)**

Image Source: [translate.Google.com](https://translate.google.com)

Google Translate (Camera Mode)

➤ Translate what you see in the camera...

Image Source: translate.google.com

➤ Or take a picture and highlight

Google Docs (1)

➤ **Similar to Microsoft Office**

➤ **Require Google account**

➤ **Services**

Documents (Docs) creates and manages documents like Microsoft Word

Spreadsheet (Sheets) creates and manages spreadsheets like Microsoft Excel

Presentation creates and manages presentations Microsoft PowerPoint

Form creates and manages questionnaire/surveys

Drawing creates and manages shape drawing

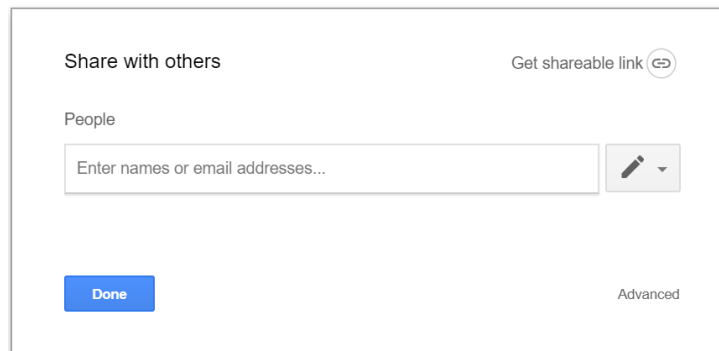

➤ **Created files will be stored in Google Drive, but they can be imported in other formats**

Google Docs (2)

- On Google Docs, you can collaborate with multiple people on the same file

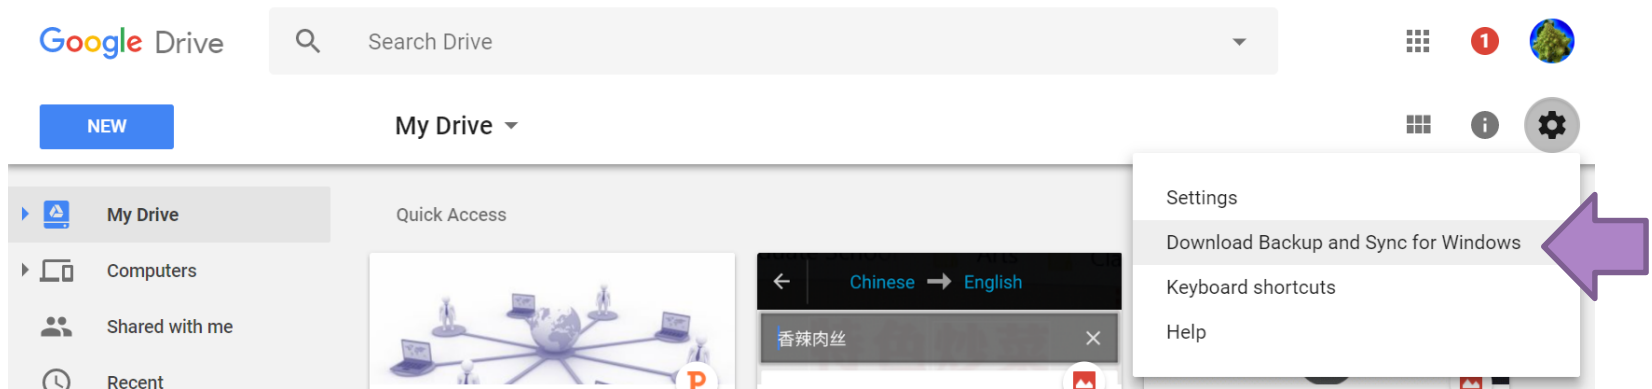

- Click **Share** and choose whether to share with particular persons, or use sharable link

Google Drive (1)

- <https://drive.google.com>
- **Cloud storage: allow you to store files on the web**
- **Require Google account**
- **Provide:**
 - **Storing data on the web**
 - **Online access (web or mobile)**
 - **You can also install Google Drive program, then access your contents on Google Drive like you would files on your PC, with automatic sync**

Google Drive (2)

➤ To install Google Drive, click **Setting** then select **Download Backup and Sync for Windows**

➤ After installation, the program will maintain a copy of all your files on Google Drive and update automatically

➤ ... but automatic update is not always instantaneous. Need to confirm that the file is updated (✓)

Microsoft Online Services

Microsoft Online Services

➤ Outlook

- E-mail service
- Web client application available on PC and mobile
- Web service also available
- <https://outlook.live.com/>

➤ Bing

- A search engine, similar to Google
- Bing stands for “Bing is not Google”

➤ OneDrive

- Cloud Storage, similar to Google Drive

Office 365

- <http://o365.cmu.ac.th/> (Thai)
- You can go to <https://www.office.com/> and log in using your CMU account
- Office Applications
 - Word, Excel, PowerPoint, Outlook, and some others
- Yearly subscription fee but CMU students can use for “free”
- Login with CMU Account then you can download and install Microsoft Office
- Beside install suites, you can use Office as web service or mobile application

Social Media and Other Services

Facebook Services

➤ Events

- <https://www.facebook.com/events>
- Create events with notifications Google Calendar
- Can also create events and invite other people

➤ Facebook Group

- <https://www.facebook.com/groups>
- Create and join semi-private discussion groups

➤ Facebook Page

- <https://www.facebook.com/pages>
- Facebook Account for public entities
 - Business , celebrities, products, or organization
- Used for promotions or PR

➤ Facebook Live

- <https://live.fb.com/>
- Live play via Facebook, only need camera or smartphone
- Enjoy others' Facebook Lives @ <https://www.facebook.com/livemap>

Facebook Event (1)

➤ On **Facebook Event** section, we can:

- Look at important events on the calendar
- Search for interesting events (Discover, Fine Events)
- Go over past events (Past)
- ... or create a new one (Create Event)

Facebook Event (2)

+ Create Event ▼

If you're bringing

 **Create Private Event**

Only invited guests will see your event. You can choose to let guests invite friends

 **Create Public Event**

Anyone will be able to see your event and search for it, even if you're not friends

➔

Create Private Event ✕

Recommended Themes

Event Name 0 / 64

Location

Date/Time   + End Time

Description

☒ Guests can invite friends

➤ **Create Event: Select *Private* or *Public*, then fill in details**

Facebook Group

- Private spaces for people to connect and share information
- Created by users
- Group admins can adjust:

Privacy Setting

- **Public**
- **Closed:** Non-member can see the group, but not the posts
- **Secret:** Non-member cannot see the group

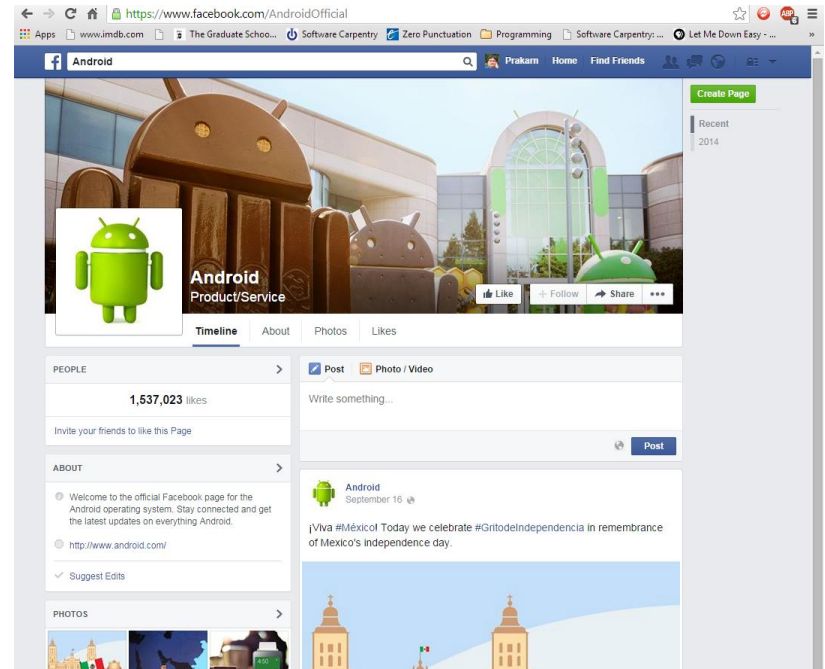

Membership option

- Invite only, ask for join, anyone can join

Facebook Page

- **Public profile for business, celebrities or organization**
- **User can like FB Page to follow updates on it**
- **With fee, FB can promote your Page**
- **Can also be generated automatically**

Other Service: Wolfram Alpha (1)

- Search Engine specialized in academic topics
- <https://www.wolframalpha.com/>
- With Wolfram Alpha, you can:
 - Search in specialized topics
 - Created tables, plot and perform analysis from entered data
 - Solve an equation, like $x^2 - 4 = 0$

Wolfram Alpha (2)

➤ Entering query

Enter what you want to calculate or know about:

$x^2 - 4 = 0$

Web Apps

Examples

Random

Wolfram Alpha (3): The Result

Input:

$$x^2 - 4 = 0$$

[Open code](#)

Root plot:

Alternate forms:

$$x^2 = 4$$

$$(x - 2)(x + 2) = 0$$

Solutions:

$$x = -2$$

$$x = 2$$

Number line:

Other Services: Web Audio Service

➤ Audio Streaming Service

- Allow users to upload, share, or even sells songs or other audio files
- ❖ Examples (also available as mobile apps):
 - Bandcamp: <https://bandcamp.com/>
 - Soundcloud: <https://soundcloud.com>
 - Spotify: <https://www.spotify.com>

➤ Podcast

- ❖ (Episodic) audio program that you can download/stream
- ❖ Many genre and topics exists
- ❖ Where to find:
 - iTunes
 - Or from the creators, like <http://www.bbc.co.uk/podcasts> (English)
 - Or <http://www.npr.org/podcasts/> (English)
 - Or <http://www.bbc.co.uk/programmes/p02p9f6q> (Burmese)
 - Or <https://serialpodcast.org/> (English)

Other Services: Online Banking

- Many banks allow you to perform transactions online such as checking balance, transfer money, or paying fees
- Security issues exist
- Avoid online banking on public computer
- Example: Siam Commercial Bank
 - <https://www.scbeasy.com>

Chiang Mai University

Online Services

Jumbo Plus & CMU Email

Jumbo Plus

- <https://jumbo.cmu.ac.th/>
- CMU's wifi network
- Require CMU Account for access
- Cover (most of) the university

CMU Email

- <https://portal.cmu.ac.th/> then select *Student Email*

CMU SIS (1)

- **Chiang Mai University Student Information System**
- <https://sis.cmu.ac.th/cmuisis>
- **Students can:**
 - **Manage student's information**
 - **Evaluate Teaching**
 - **Make an appointment with advisor**
 - **“Self Exploration” see if you need help**
 - **Apply for scholarship**
 - **Looking for/ apply for a job**
 - **Print receipts**
 - **Even access CMU Transport (purple shuttles) routes (<http://transit.cmu.ac.th/>) or (<http://cmutransit.com> in Thai)**

CMU SIS (2)

Changing Language Here

The screenshot displays the CMU SIS (2) interface. At the top, a purple header bar contains the CMU SIS logo, the text "STUDENT INFORMATION SYSTEM CHIANG MAI UNIVERSITY", a notification icon with the number "0", and a user profile icon. A blue callout bubble points to the user profile icon with the text "Changing Language Here". Below the header, a navigation bar includes icons for home, user, calendar, and mail, along with language selection buttons for "TH" and "ENG". A purple arrow points to a sidebar menu on the left, which lists the following options: "Personal registration", "News", "Evaluation teaching", "Self exploration", "Job system", "Scholarships", "Request form", and "Advisors system". The main content area features a grid of service tiles: "Scholarships" (สมัครขอรับทุนการศึกษา), "Self Exploration" (สำรวจตนเอง), "Register Participants" (ลงทะเบียนเข้าร่วมกิจกรรม), "CMU Studentloan" (สำหรับ นศ. กยศ./กรอ.), "พิมพ์ใบชำระเงินค่าธรรมเนียมหอพัก" (Print payment slip for dormitory fee), and "CMU Sport" (จองใช้สนามแบดมินตัน).

CMU VPN & Web Hosting

VPN (Virtual Private Network)

- <http://vpn.cmu.ac.th/>
- CMU VPN will make it appear to outside web that you are accessing them from inside CMU
- Useful for some services, like accessing academic articles from publishing house that offer free download of academic articles for CMU

Web Hosting

- <https://myweb.cmu.ac.th/>
- Host (store & make available online) website on CMU Server
- Please follow restrictions carefully

CMU Library Online Services

Library Services

Change Language Here

- <http://library.cmu.ac.th/cmuh/en>
- **Resources:** searching for articles, using online database
- **Research Support:** extra research tools
- **Services**
 - Information of services
 - To loan a book, a member card is required
- **About Library:** information such as history, opening hours, locations, and rules
- **ASK US:** send query to library staffs

Searching for a Book

1. Go to **Resources**
2. → **Printed Materials**
3. → **Chiang Mai University Library Online Public Access Catalog**
4. Select how to search, by
 - ▶ Author
 - ▶ Keyword
 - ▶ Subject
 - ▶ Title
5. Select Database
 - ▶ **Main Database** for books
 - ▶ **Article Database** for journal articles

▼ Resources
