Plan your next camping trip, manage event registrations, whip up a quick poll, collect email addresses for a newsletter, create a pop quiz, and much more.

Google Form and Online Questionnaires Creation

Kittipitch Kuptavanich and Dr. Ratsameetip Wita

Adapted into English by Dr. Prakarn Unachak

Google Form

❖ **Google Form** is an online service from Google. It allows us to create web questionnaires, which let us collect data online quickly. There are many applications for Google Form, such as:

- **Event Registration/Planning**
- **Feedback**
- **Paperless Form**
- **Polling**
- **Reservation**
- **Survey**

Step in Creating Online Survey

❖ Creating a Survey

- Adding/Editing Questions
- Selecting a Theme
- Adding Layout Objects

❖ Distributing the Survey

- Get people to be **respondents** (get them to answer your form)
- Distribution medium (URL, Facebook, etc..)
- Response Destination: where to store the responses

❖ Viewing the Responses

- Spreadsheet
- Summary

Google Docs

- ❖ Google Form is a part of **Google Docs**, which is office suites freeware offered by Google
- ❖ Web Application
 - Offer services through web browser
- ❖ <https://docs.google.com/>
- ❖ Can access via Google Drive (<https://drive.google.com>) as well

Google™ Docs

Applications in Google Docs

❖ Applications in Google Docs Suites

- Document
- Spreadsheet
- Presentation
- Form
- Drawing

Google docs

Advantages of Google Docs

❖ Web Application

- No extra installation required

❖ Collaboration

- Allow multiple people to edit your documents

❖ Access Control

- Choose who can edit/view your documents

❖ Offline Mode

❖ Support other Office Suites Files

❖ Documents Downloadable in Multiple formats

Files Formats Supported by Google Docs

- **Documents:** .doc, .docx, .html, plain text (.txt), .rtf
- **Spreadsheets:** .xls, .xlsx, .ods, .csv, .tsv, .txt, .tab
- **Presentations:** .ppt, .pps, .pptx
- **Drawings:** .wmf

Step 1: Creating Online Survey

- ❖ In Google Docs, a questionnaire (or other documents) can be created two ways:
 1. From Blank Document
 2. From Existing Template
 - You can view and choose Template at <http://drive.google.com/templates>

- ❖ In this lab, we will create a questionnaire from a blank document.

CMU Shuttle Satisfaction Survey

Example of Online Form

Gender

Choose ▼

CMU Status

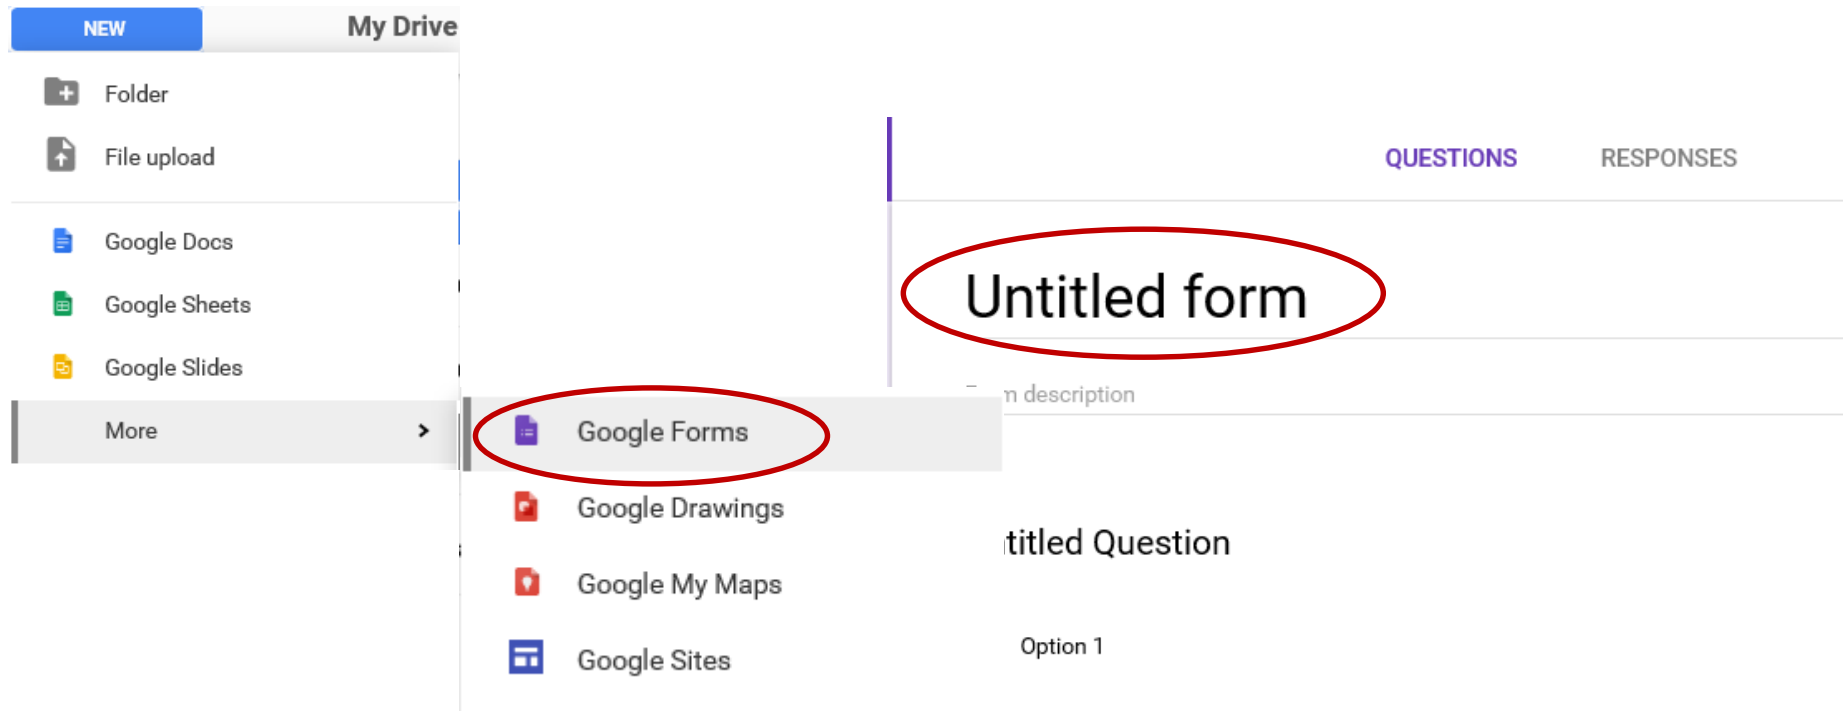

- Staffs
- Student

How often do you use CMU shuttle service?

- 5 times per month or less
- 6 - 10 times per month
- 11 - 15 times per month
- 16 - 20 times per month
- More than 20 times per month

Creating a Google Form Document

- ❖ You can create a Google form in Google Drive by going to **New → More → Google Forms**
- ❖ A form will be created. You need to give it a name.

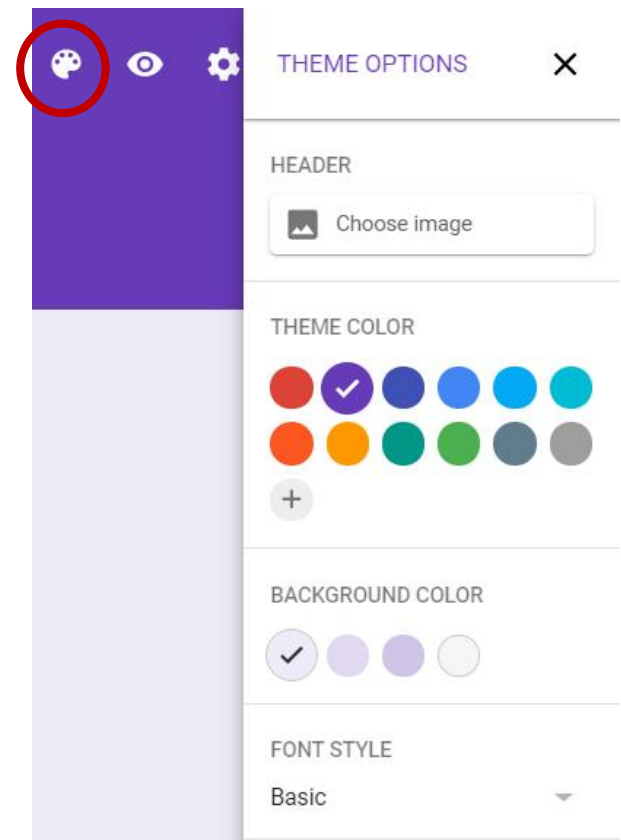

The screenshot displays the Google Drive interface. On the left, the 'NEW' menu is open, showing options like 'Folder', 'File upload', 'Google Docs', 'Google Sheets', 'Google Slides', and 'More'. The 'More' option is selected, and a sub-menu is shown with 'Google Forms' highlighted by a red circle. In the main workspace, a form titled 'Untitled form' is visible, also circled in red. The form has a 'QUESTIONS' tab selected and a 'RESPONSES' tab. Below the title, there is a 'Description' field and a 'titled Question' with an 'Option 1'.

Creating a Google Form Document [2]

❖ You can pick a theme for the form by clicking the **Color Palette** on the upper right corner of the window.

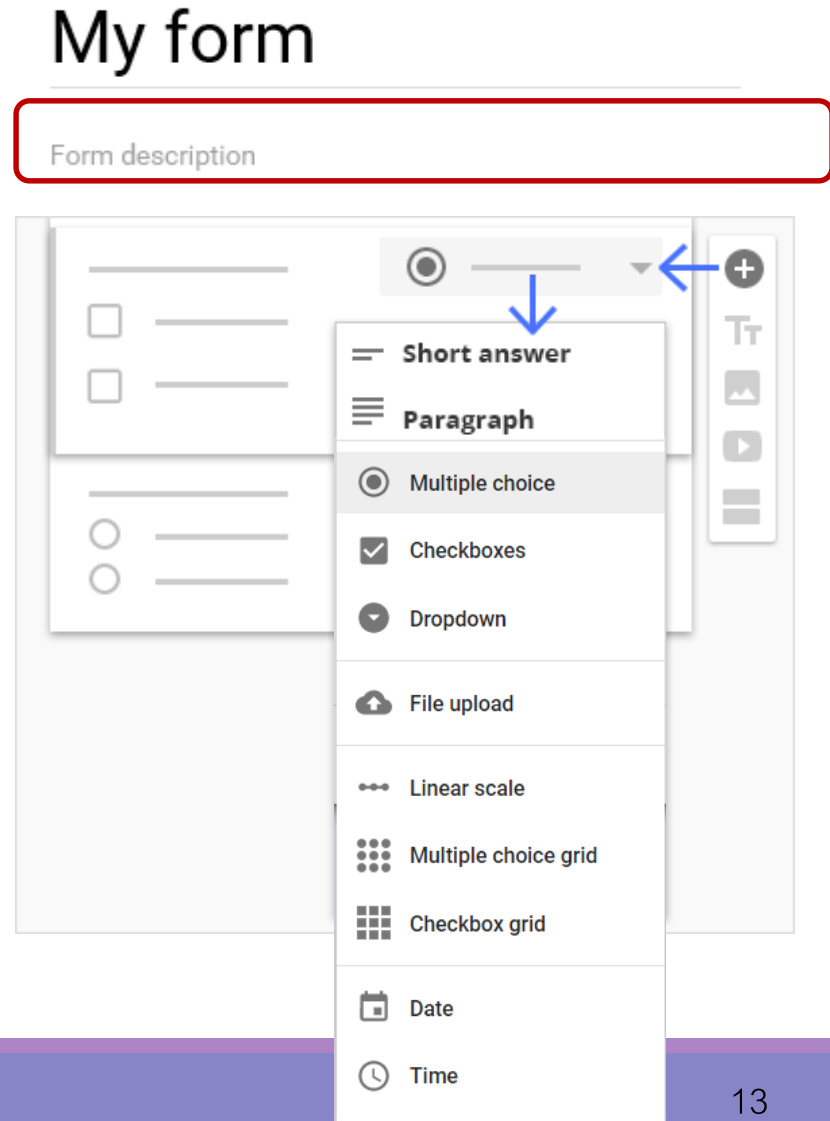

❖ You can change:

1. Header Background Image
2. Theme Color
3. Form Background Color
4. And Font Style

Creating a Google Form Document [3]

- ❖ You can add a **Form Description** to tell the respondents the purpose of this form, along with other details.
- ❖ Then, you can create questions by:
 1. Write question text
 2. Pick **Question Types** you want for each questions
 3. And, if the selected question types need them, provide choices.

Adding Questions into the Questionnaire

- ❖ Each question will have the following components

The screenshot shows a questionnaire editor interface. At the top left, the text "Untitled Question" is displayed. To its right, a dropdown menu is set to "Multiple choice". Below the title, there are two radio button options: "Option 1" and "Add option or ADD 'OTHER'". At the bottom of the question card, there are three icons: a duplicate icon (two overlapping pages), a delete icon (a trash can), and a "Required" toggle switch which is currently turned off. A vertical ellipsis menu icon is located to the right of the toggle switch. Purple arrows point from external text labels to these specific UI elements.

Question text

Type of Question

Duplicate

Delete

Responses

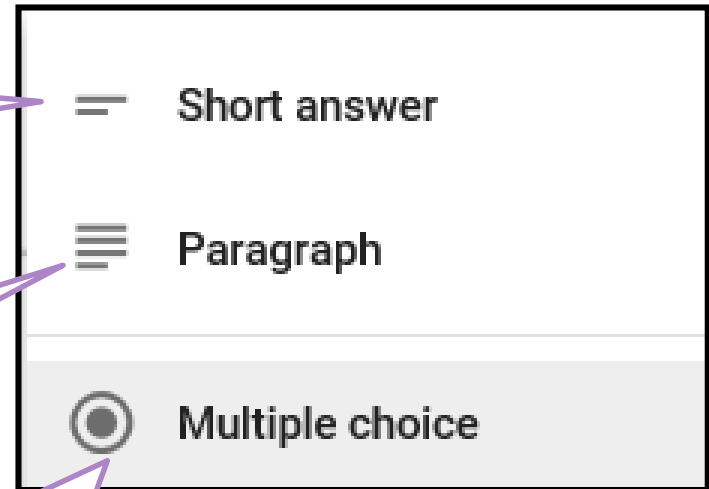

Required question (respondent must answer this question)

Form Input

- ❖ In Google Form, you can select the following types of questions.

Short answer: respondent will answer in small text.

Paragraph: respondent can answer in longer text.

A screenshot of the Google Form question type selection menu. The menu is a vertical list with three options: 'Short answer' (represented by a single horizontal line icon), 'Paragraph' (represented by three horizontal lines icon), and 'Multiple choice' (represented by a radio button icon). The 'Multiple choice' option is currently selected, indicated by a filled radio button and a grey background highlight.

Multiple choice: respondent will pick **one** of the provided answers.

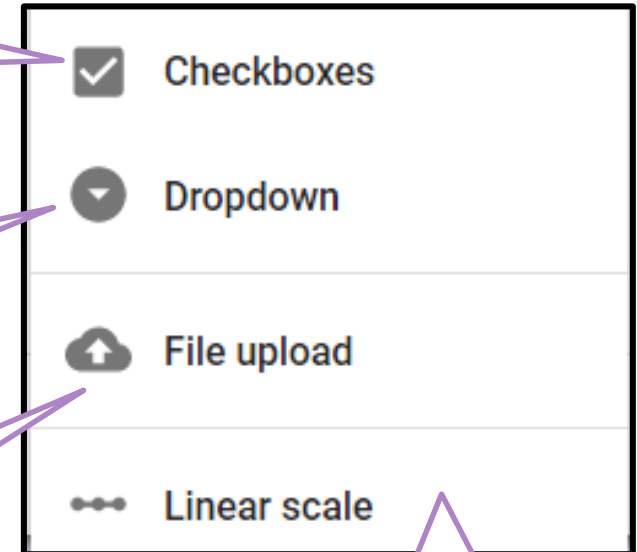

Form Input [2]

Checkboxes: respondent can pick **more than one** (≥ 0) of the provided answers.

Dropdown : respondent will pick **one** of the provided answers from the pull-down menu.

File Upload : respondent will upload a file, which will be stored on Form owner's Google Drive.

Linear scale: respondent pick the level of answers in a linear scale. For example, from 1 to 5. You can provide labels to explain the meaning for the values

Form Input [3]

- ❖ **Multiple choice grid:** respondent will answers a set of question with the same set of answers.

Vehicle Use Opinion

	Strongly Disagree	Moderately Disagree	No Opinion	Moderately Agree	Strongly Agree
You agree with the prohibition of motorcycle in the university dorm.	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>
You think the university has provided enough shuttles for students' needs	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

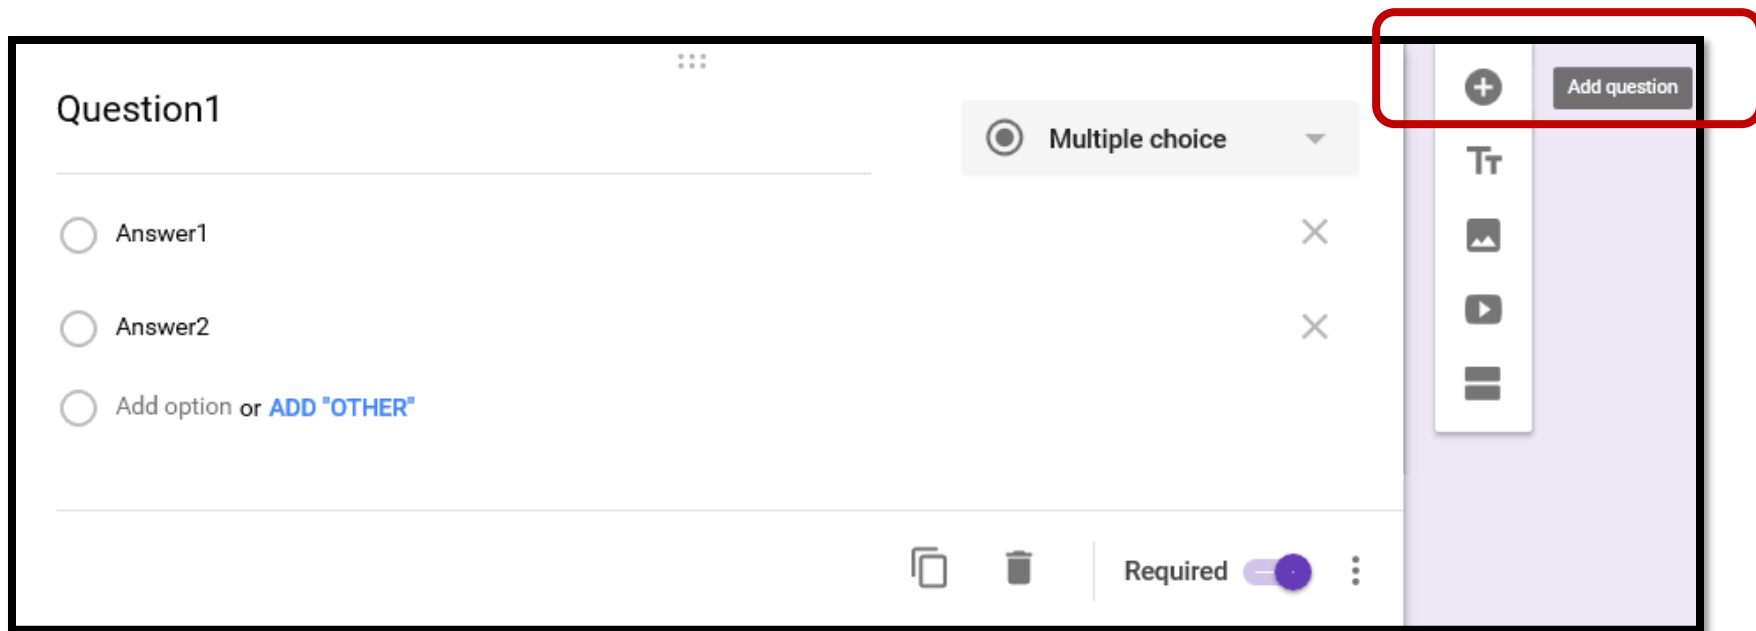

Answers

Questions

- **Date:** respondent will pick a date from the calendar
- **Time:** respondent will pick a time, or a duration

Adding Questions into the Questionnaire [2]

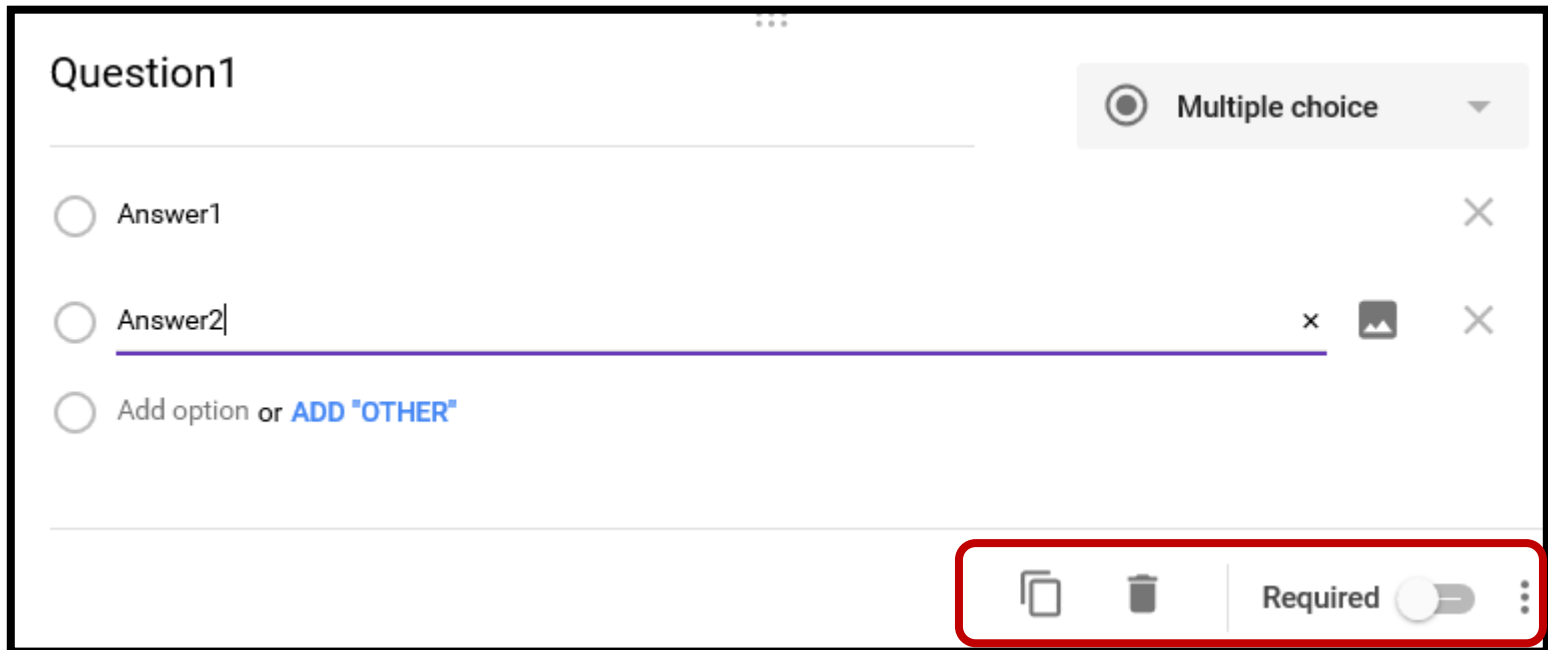

- ❖ Once you provide the question text, **question type**, and finish adding the answers, you can add another question by clicking the **“Add question”** button.

The screenshot displays a questionnaire editor interface. The main area shows a question titled "Question1" with a "Multiple choice" type. Below the question, there are three answer options: "Answer1", "Answer2", and "Add option or ADD 'OTHER'". At the bottom of the question editor, there are icons for copying, deleting, and a "Required" toggle switch. On the right side, a vertical toolbar is visible, containing icons for adding a question (+), text (T), image, video, and a list icon. The "Add question" button is highlighted with a red box.

Adding Questions into the Questionnaire [3]

- ❖ You can also duplicate , delete , and set that the question is a required question (respondent must answers) 

The screenshot shows a questionnaire editor interface for a question titled "Question1". The question type is set to "Multiple choice". There are three answer options: "Answer1", "Answer2", and "Add option or ADD 'OTHER'". The "Answer2" option is currently selected. At the bottom right, a red box highlights the control panel, which includes a duplicate icon, a delete icon, a "Required" toggle switch (which is currently turned on), and a three-dot menu icon.

Adding Questions into the Questionnaire [4]

❖ You can also:

- Import questions from other Form
- Insert text (title & description)
- Insert image
- Insert YouTube video clip
- Divide the form into multiple sections (pages) by clicking the **Add section** button
